Why Chiropractic?

People go to chiropractors for a variety of reasons and there are different levels of care. Please check the type of care desired so that Doc may be guided by your wishes whenever possible.

- Stage 1: Pain relief: Just get rid of the pain, Doc! Relief is short-term.
- Stage 2: Rehabilitation: Get rid of the pain, Doc, but then fix the problem so it doesn't come back!
- Stage 3: Optimal Health: Get rid of the pain, fix the problem, and then put me on a preventive maintenance plan which includes diet, exercise, and chiropractic so that I stay as healthy as possible.

We are a referral-based office and we thank you for trusting us with your care. Please take a minute to let us know how you heard about us.

Our mission is to treat you as we would our own family. If you have any questions, please do not hesitate to ask.
